

Project Name: _____

LCC LIGHT

1. HIGH IMPACT LENS
2. COLD CATHODE LAMP
3. ALUMINUM REFLECTOR
4. 120v OR 277 ELECTRONIC BALLAST
5. 7/8" ACCESS FOR 1/2 CONDUIT
6. ALUMINUM ENCLOSURE
- 7.* STANDARD LENGTH 90" CUSTOM AVAILABLE IN 1/2 INCREMENTS TO 48"

SQ1-LCC systems are versatile and functional cold cathode fixtures, suitable for interior and exterior applications.

SQ1-LCC fixtures may be mounted to walls or recessed coves offering a variety of applications.

SQ1-LCC fixtures are specifically designed and fabricated for each installation.

SQ1-LCC systems are designed and engineered to withstand the abuse of most public areas. The high impact lens is housed with heavy extruded aluminum enclosures.

LENGTH		COLOR		VOLTAGE		LOCATION
